

Attention Corporate Subscribers

Tamaani Nunavik Wireless Internet wants its institutional and business subscribers to say hello to improved Internet services and increased productivity.

Since January 1, 2010, the download speeds of Professional 128 and Professional 256 subscribers are now twice as fast... and all for the same low price! And the good news doesn't stop there: Professional 512 users have had their monthly subscription rate slashed by \$100. See the information below for complete details.

NEW Corporate Packages

Corporate Basic (formerly Professional 128)

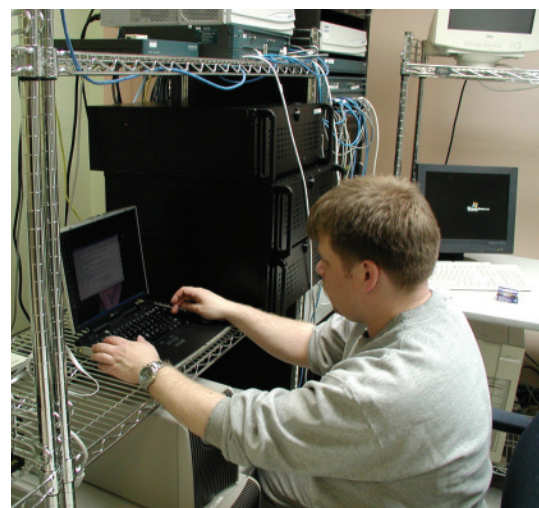

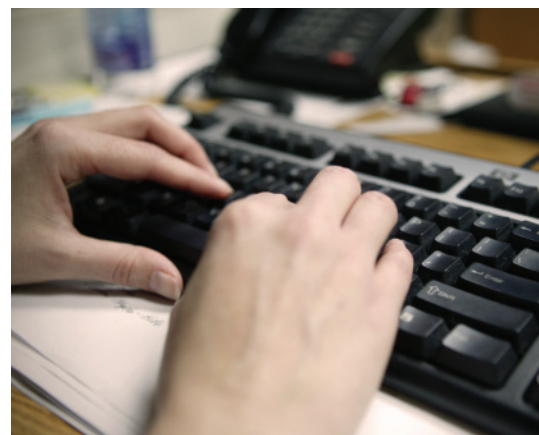

Download speed	256 kbs
Upload speed	128 kbs
No daily download limit and improved reliability	
Price	\$200/month

Corporate Elite (formerly Professional 256 and 512)

Download speed	512 kbs
Upload speed	128 kbs
No daily download limit and improved reliability	
Price	\$350/month

Tamaani's improved corporate services have been in effect since January 1, 2010.

To subscribe now, contact Tamaani at: 1-888-TAMAANI (toll free) or 819-964-2158 (in Kuujuaq).

Nunavik Business Solutions

Beginning over the coming months, Tamaani Nunavik Wireless Internet will be proud to offer you a new business solution. Professional-grade videoconferencing services will progressively become available in every Nunavik community. Are you planning a meeting in another community or in southern Québec? Videoconferencing will let you be there without the hassle of travelling.

At just \$80 per hour plus local conference room charges, videoconferencing is a fantastic alternative to the high cost of face-to-face meetings. Videoconferencing requests must be emailed to vc@tamaani.ca at least 24 hours in advance. And then, let Tamaani handle all the details.

Upgrades and Other Work

The past year was extremely busy at Tamaani Nunavik Wireless Internet. In order to offer its institutional and business subscribers improved packages and videoconferencing, Tamaani completely overhauled its network and replaced a number of critical components.

Since the Kativik Regional Government (KRG) launched Tamaani Nunavik Wireless Internet in 2004, the Internet has become a vital communications tool in the region's homes, businesses, schools and organizations. As more and more residents have adopted this tool and on-line application requirements have grown, so too is the capacity of the region's network.

Internet access brings important social and economic benefits to our remote communities. For this reason, the KRG is strongly committed to ensuring that reliable Internet services remain available to all Nunavimmiut.
